You can upload your completed Pre-Entrance Health form, signed by medical provider and/or Immunization records here.

You can also upload individual health documents for the required vaccines unless previously uploaded under Immunization Records tab. **Only upload each supporting document ONE time.**

In the status section you can check the status of all your requirements – see what you are not compliant for, if your entry is pending review and when it has been approved.

Uploading your documents

Immunization Record Upload Needed

- Upload a readable immunization record in ENGLISH with your full name and date of birth on each page.
- Accepted upload formats in Portrait orientation are: gif, jpg, png, pdf.
- Filenames can not contain any special characters.
- Documents should only be uploaded ONCE as they can be used for multiple requirements.

After clicking the update button, you will be able to upload your documents here

You only have to upload **each document once** as the same document can be used for multiple requirements.

For example, if you uploaded your health form in the immunization records and it contains all your required vaccines you don't have to individually upload the same document again in the measles section. The system will give you the option to select your previously uploaded document.
