Ecuador	Namibia	Uzbekistan
El Salvador	Nauru	Vanuatu
Equatorial Guinea	Nepal	Venezuela (Bolivarian Republic of)
Eritrea	Nicaragua	Viet Nam
Eswatini	Niger	Yemen
Ethiopia	Nigeria	Zambia
Fiji	Niue	Zimbabwe
Gabon	Pakistan	

Source: World Health Organization Global Health Observatory, Tuberculosis Incidence. Countries with average incidence rates of ≥ 20 cases per 100,000 population.

3. Have you resided in or traveled to one or more of the countries or territories listed above for a period of one to three months or more? (If yes, CHECK the countries or territories, above)
 Yes No
4. Have you been a resident, volunteer, and/or employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, and homeless shelters)? Yes No
5. Have you been a volunteer or health care worker who served clients who are at increased risk for active TB disease? Yes No
6. Have you ever been a member of any of the following groups that may have an increased incidence of latent M. tuberculosis infection or active TB disease: medically underserved, low-income, or using drugs or alcohol? Yes No

If the answer is YES to any of the above questions, we require that you receive TB testing as soon as possible but at least prior to the start of the subsequent semester. The significance of any travel exposure should be reviewed with a health care provider.

If the answer to all of the above questions is NO, no further testing or further action is required.
